

BASIC PLAYDOUGH RECIPE

YOU WILL NEED:

- 2 cups of plain white flour
- ½ cup of salt
- 2tbsp cream tartar
- 2 tbsp olive oil
- 2 cups of boiling water (to be added gradually)
- Food processor or mixing bowl

METHOD

1. Add all of the ingredients to a food processor, with the exception of the water. At first the mixture will almost look like breadcrumbs.
2. Add up to 2 cups of water GRADUALLY.
3. Once cool, knead until the stickiness has gone. Add more flour if necessary at this stage.
4. Store in an airtight container.

VARIATIONS

Add a few drops of gel food colouring for small world or themed play

Add herbs or essence for sensory play

Add glycerine for shine

Add eco glitter or cut petals for decoration

Add coconut oil in place of olive oil for scent variation
